Sustainability

OUR ECOFUTURE STRATEGY

Our Vision

To be the Reference for sustainable Workplace Supplies Solutions. It means we would like Lyreco to be a company where Sustainability is taken into account all times, at all levels, for any decision.

In early 2012, Lyreco launched a midterm Sustainability strategy named "Eco Future".

The strategy consists of

- 3 guiding principles
- 10 clearly defined commitments
- 9 Key Performance Indicators (KPIs)

→ OUR GUIDING PRINCIPLES

Our strategy is built on 3 guiding principles:

Economic Success

To build lasting customer relationships by providing practical and efficient solutions to their sustainability challenges and goals.

Environmental Protection

To reduce the ecological footprint of our activities, and help our customers and suppliers to do the same.

Social Responsibility

To reinforce our long term relationship with stakeholders focusing on Human relationships and Development.

Green product range

20 % of the products in our catalog are identified as green

Sales of green products

Objective 2016:

DK: 34 % NO: 37 % SE: 44 %

Result YTD:

DK: 33 % NO: 36 % SE: 43 %

Wide range of eco labeled products

Certificate holder for FSC and PEFC

Systematic control of all certified products to ensure certificate are valid

Lyreco

since 2015

(Denmark, Sweden & Norway)

Tenders with ecolabelled focus
